

ELVALHALCOR

HELLENIC COPPER AND ALUMINIUM INDUSTRY S.A.

Aluminium and copper processing experts

ElvalHalcor Hellenic Copper and Aluminium industry S.A., is a leading global manufacturer of aluminium and copper products.

The Company was formed in December 2017 via the merger of Elval, a leading European aluminum rolling company, and Halcor, the largest copper tubes producer in Europe. It is listed on the Athens Stock Exchange.

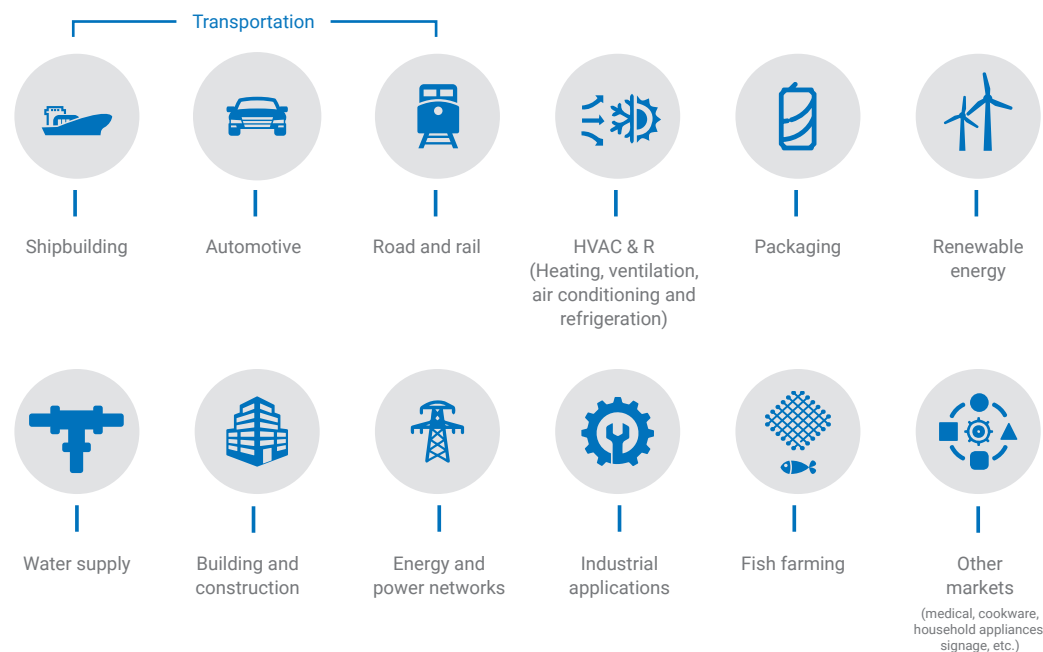

As a combined entity, ElvalHalcor capitalises on natural synergies in innovation and technology, research and development (R&D), procurement, marketing, infrastructure

and environment to produce value-added, high-quality solutions for its customers around the world.

ElvalHalcor's success is derived from its commercial export orientation, customer-focused philosophy and innovation which comes through continuous investment in R&D.

The Company has over 80 years of experience, a strong production base across 12 industrial units, a market presence in over 100 countries, and highly experienced and specialised personnel.

ElvalHalcor is active in many dynamic, growing markets, including:

SYMETAL

Aluminium foil and aluminium flexible-packaging materials:

- Converter foil
- Pharmaceutical foil
- Cable foil
- Foil for food containers
- Foil for tea lights
- Foil for heat exchange equipment
- Foil for technical applications
- Household foil
- Hair foil
- Cigarette aluminium foil
- Chocolate aluminium foil
- Chewing gum foil
- Lacquered lidding foil
- Lacquered blister foil
- Lacquered cheese foil
